Education

Memorial University of Newfoundland — *St John's, NL, Canada*
Doctor of Philosophy (PhD) in Statistics — *Sep. 2026-Aug. 2030 (Expected)*
- Thesis: TBD

Memorial University of Newfoundland — *St John's, NL, Canada*
Master of Science (MSc) in Statistics — *Sep. 2023-Aug. 2026*
- Thesis: Quantile Regression for Bivariate Sequential Time-to-Event Data Analysis

University of Waterloo — *Waterloo, ON, Canada*
Honour Bachelor of Mathematics (BMath) in Statistics — *Sep. 2018 - Jun. 2022*
- Term Dean's Honour list, Dec. 2019

Work Experience

Teaching Assistant — *St John's, NL, Canada*
Memorial University of Newfoundland — *Sep. 2023 - Aug. 2030*
- Led labs for introductory statistics courses
- Tutored students on project design and interpretation of real-world medical data

Research Assistant — *Hangzhou, Zhejiang, China*
Westlake University — *Oct. 2022 - Aug. 2023*
- Reviewed the current development of Web 3.0 in China
- Applied AIGC model in the publishing field to enhance research outcomes

Data Analyst — *Nanjing, Jiangsu, China*
Nanjing Medical University — *Aug. 2022 - Oct. 2022*
- Analyzed correlation data between RNA samples to identify key insights for research
- Discussed and determined appropriate sample sizes for RNA experiments to ensure accurate results

Data Analyst — *Nanjing, Jiangsu, China*
Fanshun Transportation Tech — *Jan. 2021 - Dec. 2021*
- Collected traffic data at various sites in Shenzhen, Guangdong to analyze transportation patterns
- Assisted in filing the company's tax returns, ensuring compliance with regulations

Projects (Selected)

Statistical analysis of low birthweight in Sri Lanka
Department of Mathematics and Statistics, Memorial — *Feb. 2024 - Apr. 2024*
- Analyze and identify influential covariates led to low birthright in Sri Lanka
- Applied a logit model to unearth clearer effect of the important covariates

Web 3.0: Concept, Content and Context
Department of Engineer, Westlake — *Oct. 2022 - Jan. 2023*
- Co-led a 10-person research and writing team, coordinating content development and ensuring consistency across chapters on Web 3.0 technologies
- Authored four chapters detailing Web 3.0's foundational and advanced tech stack, real-world applications, its integration with SaaS, and associated legal implications

Exploring the risk factors of diabetes
Department of Statistics and Actuarial Science, Waterloo — *Mar. 2022 - Apr. 2022*
- Applied fundamental casual inference method in diabetes data to uncover influence covaraites of diabetes
- Proposed to use Multiple Imputation method to deal with missing data, resulted an improvement of the outcome

A survival analysis of breast cancer based on dataset of 4024 patients
Department of Statistics and Actuarial Science, Waterloo — *Mar. 2022 - Apr. 2022*
- Solely analyzed breast cancer dataset, implement basic survival analysis methods such as Kaplan-Meier, Cox proportional Hazard model, etc
- Identify influential covaraites that leads to significant decreasing of breast cancer patients

A comparative analysis among chemotherapy treatments of pancreatic cancer

Department of Statistics and Actuarial Science, Waterloo — *Jun. 2021 - Aug. 2021*

- Analyzed effects of chemotherapy combinations to pancreatic cancer patients' OS and PFS

Licenses & Certificates (Selected)

2025.11 **Basic Principles of Geostatistical Geospatial Modeling**, Case Western Reserve University
2025.4 **Social Determinants of Health: Data to Action**, University of Minnesota, Twin Cities
2025.4 **Clinical Trials Operations Specialization**, John Hopkins University
2025.3 **Epidemics - the Dynamics of Infectious Diseases**, Penn State University
2025.3 **SQL for data science**, University of California, Davis
2025.3 **Translational Science Specialization**, University of Michigan, Ann Arbor
2025.2 **Epidemiology: The Basic Science of Public Health**, University of North Carolina, Chapel Hill
2025.2 **Getting Started with SAS Programming**, SAS
2024.5 **Fundamentals of Causal Inference: with R**, Statistical Society of Canada

Volunteering Activities

Conference Volunteer

St John's, NL, Canada

Statistical Society of Canada — *May. 2024 - Jun. 2024*

- Volunteered at the 12th Canadian Statistics Student Conference and the 2024 Statistical Society of Canada Annual Meeting
- Played roles in supporting conference operations, including registration services, IT setup and maintenance and logistical support

Program Designer

Kitchener, ON, Canada

YMCA Canada — *Sep. 2019 - Nov. 2019*

- Developed structured programs promoting physical activity for children
- Supervised a team of five to deliver these programs to 35 children at the 2019 Waterloo West Neighborhood Fest

Data Collector

Kitchener, ON, Canada

Department of Psychology, University of Waterloo — *Sep. 2018 - Nov.2019*

- Collect air quality data in multiple sites in Kitchener and Waterloo
